

Domestic Cleaning Training

Come home to a well organised, clean home!

This **Household Cleaning Training** is generally made up of two separate hands on lessons, hosted in your home, of four hours each. (Smaller apartments would only require 1 class, and bigger homes can require 3 classes, however 2 classes are the average)

We cover everything from product selection and usage, principles of cleaning & correct cupboard packing, right through to watering of indoor plants and feeding of pets (if needed). This whole course is customized to suit your household needs, and as such, we focus on routine and attention to detail.

Training is available in English, Zulu, and Tswana

The Trainer will teach your domestic the best way to clean your house, by matching each item to the correct cleaning product. In our training we suggest the use of cleaning products which are gentle yet effective, such as Sugar Soap, Bicarbonate of Soda and White Vinegar.

Basic Course Structure covers:

- Personal hygiene
- Time management and organisation
- Job requirements & communication (includes cell phone usage rules)
- Good cleaning habits (including working quietly and moving out of occupied spaces as needed)
- Correct product usage
- Establishing cleaning routines
- General cleaning such as furniture care, moving items to clean, window cleaning, bed making, plant care, wood care, item placement etc
- Detail cleaning such as power points and plug holes, cables, light bulbs, light switches etc

The cost per four-hour class is:

Johannesburg: R 1,890.00
Pretoria: R 1,990.00

– Extra Students charged at R 800.00 per class (Max of 4 students)

This includes:

- One on one training in your home
- A handbook with information on the training practices
- Customised daily and weekly schedule
- Checklist of training completed in the class
- A certificate of completion emailed through to you after the training

Classes available in English, Zulu or Tswana
